
Education

University of Houston <i>PhD in Computer Science, GPA: 4.0/4.0</i>	<i>Sep 2014 – Dec 2019 (Expected)</i>
University of The Philippines Diliman <i>MS in Computer Science, GPA: 3.7/4.0</i>	<i>Oct 2010 – Oct 2013</i>
HCM City University of Technology <i>Engineer Diploma in Electrical and Information Technology</i>	<i>Sep 1999 – Sep 2004</i>

Higher Education Experience

University of Houston <i>Teaching Assistant</i>	<i>Sep 2014 – Present</i>
<ul style="list-style-type: none">• Courses: Computer Organization. Algorithms and Data Structure, Artificial Intelligence, Machine Learning.• Prepared and instructed students on two course projects (prune search, reinforcement learning).	
<i>Research Assistant</i>	
<ul style="list-style-type: none">• DHS SenseNet sub project on aerosol detection: supervised by Dr. Eick, investigated Gaussian Mixture model for biochemical threat detection from low-cost sensors measurements.• NSF BigData Grant on distributed algorithms for large-scale graph problems: supervised by Dr. Pandurangan, investigated network cascading influence model.	

Skills and Interests

Programming: Scala, Java, C++, C, Python, PHP, JavaScript. Past experience: Web development with Java EE 6, Yii, Zend. Tools (course/research): hadoop, spark.

Interests: concurrency and distributed computing (personal projects <https://github.com/ngpham>), distributed algorithms, asynchronous protocols, data mining (graph influence), approximation algorithms. Others: functional programming, parsing, Haskell, Coq.

Industrial Experience

Lazada Vietnam <i>PHP Tech Lead</i>	<i>Feb 2014 – Aug 2014</i>
<ul style="list-style-type: none">• Developed Lazada e-commerce websites for SEA countries.• Tech Lead on Search/Filter.• Technologies: Yii, Zend, jQuery, ExtJS, MySQL, Solr, Mem-cache, Redis, RabbitMQ.	
TMA Solutions Vietnam <i>Consultant</i>	<i>Jan 2005 – Oct 2010</i>
<ul style="list-style-type: none">• Onsite Engineer at Avaya (Nortel) R & D Facility in Galway, Ireland.• Supervise training for offshore team of over forty members.
